Gluten Free Disclaimer: Although our gluten free gingerbread is made using 100% gluten free ingredients, it is prepared in the same facility and baked in the same ovens as our regular wheaten flour gingerbread. There is, therefore, always the possibility that traces of gluten from the air etc. can make its way into the gluten-free products. However, be assured that great care is taken to sterilize all equipment and utensils before gluten free gingerbread making is begun.

Our gingerbread products have been manufactured in an environment where nuts are used.
